**UNDERGRADUATE STUDENT
HANDBOOK**

Dear students

This booklet contains brief information that will be of interest to you in your education and training. **Please read the booklet until the end.** For the parts that are not understood, please consult your advisor first. Please note that you must meet with your advisor at **least once** every semester in accordance with the Directive on Academic Advising for Associate and Undergraduate Students of Karadeniz Technical University. Thank you for choosing our faculty and we wish you success throughout your education life.

1. SUBJECTS RELATED TO UNDERGRADUATE EDUCATION AND TRAINING

1.1. Course Credits

The load of educational studies that the student will take in a semester is the educational studies of that semester specified in the education plan. The maximum course load in a semester **cannot exceed 40 hours**, except for those in the last year of their maximum education period and students who can graduate at the end of that semester when they take all the courses.

1.2. Academic Calendar and Semester Registrations

At the beginning of each semester and within the periods specified in the academic calendar, students are **obliged to renew their registrations and register for courses interactively in the computer environment** within the framework of the principles to be determined by the University Administrative Board by paying the required contribution and tuition fee (**KTU Information Management System Interface Web Address <https://bys.ktu.edu.tr/bys/bys.aspx#>**). Students are responsible for all of the software and registration renewal procedures and are obliged to carry out these procedures themselves. However, students who register during the first registration and fulfill other legal obligations determined by the University are also **considered to have registered for the first semester courses of the first year. The** course registrations of students within this scope are made directly by the Registrar's Office. Students can register for a new course interactively or drop the course(s) they have already registered for within the periods specified in the academic calendar. In **case of enrollment, the student must first take the failed courses.** Students **must have their academic advisors approve** the courses they take within the drop and add period.

Prerequisite courses and their conditions are determined by the relevant unit boards with their justifications and the decisions taken are finalized with the approval of the Senate. Prerequisite courses are specified in the education plan. In order to enroll in these courses, the **last grade obtained from the prerequisite courses must be at least DC.**

The software education studies of a semester are announced to the students on the internet. Students are required to make their objections regarding the educational studies for which they have made software to the Student Affairs Department within the periods specified in the academic calendar. The interactive software of students who do not apply within this period becomes final.

1.3. Final Exam

In order to take the final exam of a course, it is compulsory **to be enrolled in that course and to attend at least 70% of the courses taken for the first time, at least 80% of the practices and/or laboratories** and other academic studies that the instructor deems necessary and announces to the students in advance. Students who fail to fulfill these conditions are not taken to the final exam. **This student is given the letter grade of (D) absent.**

If a student who fulfills the requirement of taking the final exam from a course once, repeats this course in the following semesters, the **attendance requirement is not required only for theoretical courses.** However, attendance is required for practice, laboratory and other semester studies related to the course.

BLACK SEA TECHNICAL UNIVERSITY OF TECHNOLOGY
FACULTY OF TECHNOLOGY UNDERGRADUATE
STUDENT HANDBOOK

Students are given an excuse exam right for the midterm exams they cannot attend. **Health report is not counted from attendance. It** is used only for midterm exams and excuse exams for in-semester studies in the form of exams.

The contribution of the final exam to the letter grade is 50%. **It is obligatory to get at least 45 points** out of 100 in the final exam. Students who do not take the final exam or who do not get at least 45 points from this exam are not included in the evaluation of the semester studies and these students **are evaluated with a letter grade of (FF)**.

1.4. Make-up Exam

At the end of each semester, students can take the make-up exam from all courses of that semester. In order to be able to take the make-up exam; it is compulsory to make software for the relevant courses in the academic year in which the exams will be held and to fulfill the conditions for taking the final exam of these courses. **Students who cannot take the make-up exams are not given the right to an excuse exam. It is compulsory to get at least 45 points** out of 100 in the make-up exam. **The** letter grade is determined by taking into account the weights of the midterm exam, semester studies and make-up exam grade. Students are considered successful or unsuccessful according to the semester grade point average from the courses in which they receive a DC letter grade in the make-up exam.

1.5. Graduation Examination

For students who have one course remaining for graduation, a graduation exam is held for the failed course within fifteen working days after the make-up exam and at the time specified in the academic calendar.

In order for students to take the graduation exam, they must have fulfilled the requirements to take the final exam of the relevant course.

In order to be successful in the graduation exam, **it is compulsory to get at least 50 points** out of 100 if the semester average of the course is 2.00 and above, and at **least 60 points** if the semester average is below 2.00. In the determination of the graduation exam success grade, in-semester studies are not included in the evaluation. The absolute grade system is used in the conversion to the letter grade system. The letter grade received in the exam replaces the success grade of that course in the relevant semester.

1.6. Make-up Exam

Making an excuse exam is decided by the relevant department chairmanship or school directorate. In order for students who cannot take the exams due to illness, health reports must be obtained from the University's health institutions or other health institutions and organizations in order to be accepted for health-related excuses.

The student submits the excuse document to the unit in which he/she is registered within seven days following the end date of the excuse. Applications made outside this period are not processed. Students who do not take the excuse exams are not given a new excuse exam.

1.7. Validity of the Examination and Examination Procedure

In all kinds of exams, practices, laboratories, workshops, homework, semester or year projects and other similar studies; **a student who cheats, plagiarizes, attempts to cheat, plagiarizes, assists those who attempt to cheat, plagiarize, or who is later found to have cheated or plagiarized from the examination of the relevant documents is deemed to have received a zero grade in that exam or study.**

Except for the documents required for the exam and the tools permitted by the instructor, **it is forbidden to take the exam with calculators with recording function, cell phones, computers, tablets, radios, cameras and similar communication, storage, recording and data transfer devices.** The exam of the student who is found to have taken the exam with these prohibited devices is considered invalid and he/she is **deemed to have received a zero grade in** that exam.

In the cases specified in this article, the provisions of the Regulation on Student Discipline of Higher Education Institutions published in the Official Gazette dated 18/8/2012 and numbered 28388 are also applied to the relevant students.

1.8. Assigning Grades, Calculation of Success Grade

Grades are converted into letter grades according to the relative system for courses with more than 10 students and according to the absolute system for courses with 10 or less students and announced online by the Registrar's Office.

Students who receive one of the letter grades (AA), (BA), (BB), (CB) and (CC) from a course are considered successful in that course. In addition, **students with a semester grade point average of 2.00 or higher are also considered successful in courses with a letter grade of (DC).**

In case of any material error in the exam grades, the **application for correction is made within three working days following** the announcement of the grades. The applications are decided by the relevant unit to which the student is affiliated **within seven days.**

Applications for objections and corrections regarding exam grades and letter grades are made directly to the head of the relevant department in which the student is enrolled.

The total credits a student receives from an educational study is obtained by multiplying the credit value of that study by the semester grade coefficient. In order to find the grade point average of any semester, the total amount of credits taken by the student from all educational studies in that semester is divided by the total credit value of the studies taken. The average obtained is shown as two digits after the comma.

1.9. Failed Courses

Undergraduate students whose overall weighted grade point average (GPA) is below 1.80 at the end of the fourth semester (1st semester of the 3rd year) **cannot take courses from the upper semesters.** Students in this situation have to raise their GPA to at least 1.80 by repeating the courses they failed. Students can take other elective courses opened by the department chairmanship, college or vocational school directorate instead of the elective courses that need to be repeated. In this case, the rights used for previous courses and studies cannot be used again.

If students wish, they can repeat the courses with a letter grade of (DC) in order to raise their grades by submitting a petition. In this case, the grade received in the semester in which the course is repeated is accepted as the last letter grade of this course.

1.10. Duration of Study

Students are required to complete undergraduate programs with a four-year education period **within a maximum of seven years.** Students who fail to graduate at the end of these periods, without prejudice to the provisions of the third, fifth and sixth paragraphs, are dismissed from the University.

1.11. Graduation

The graduation grade point average is calculated over 4.00 and indicated on the certificate of educational status. In order to be awarded a bachelor's degree, the student's **GPA must be at least 2.00.**

Students who are successful in all courses of the first four semesters of an undergraduate program and have a weighted grade point average of 2.00 in these courses are awarded an associate degree diploma if they wish to leave the program. Applications for an associate's degree are not limited to any period of time.

For more detailed information about undergraduate education and training, you can refer to "KARADENİZ TEKNİK UNIVERSITY REGULATION ON ASSOCIATE AND UNDERGRADUATE EDUCATION AND TRAINING"

2. ISSUES RELATED TO TRANSFER, DOUBLE MAJOR AND MINOR

Intra-institutional transfer: The transfer of a student to other diploma programs at the same level within the higher education institution in which the student is enrolled,

Horizontal transfer between institutions: Transfer from vocational schools established by a university, institute of high technology or foundations without being affiliated to a university to independent vocational schools established by another university, institute of high technology or foundations at the same level,

Minor program: A program that enables students enrolled in a diploma program to obtain a document (minor certificate) that does not replace a diploma by taking a limited number of courses on a specific subject within the scope of another diploma program within the same higher education institution, provided that they meet the prescribed conditions,

Double major program: It refers to the program that enables students who meet the success requirement and other conditions to take courses simultaneously from two diploma programs of the same higher education institution and receive two separate diplomas.

Note: **Transfer cannot be made to** the preparatory class of associate and undergraduate diploma programs, the first semester and the last semester of associate diploma programs, the first two semesters and the last two semesters of undergraduate diploma programs.

2.1. Horizontal Transfer Between Programs within the Institution

A faculty, college, conservatory or vocational school of a faculty, college, conservatory or vocational school within its own structure or other faculties, colleges, conservatories or vocational schools within the same university **can transfer to diploma programs at an equivalent level** within the quotas determined by the relevant board of directors.

In order to be able to apply for transfer between diploma programs that accept students at the same level within the University, the student's central placement score in the score type valid for the diploma program he / she wants to transfer as of the year he / she took the central exam is **not less than the lowest base score** of the diploma programs of other universities in the country equivalent to the diploma program he / she wants to transfer.

2.2. Horizontal Transfer Between Institutions

For inter-institutional transfer, the student must have a GPA of **at least 60 out of 100** for the semesters he / she has completed in the program he / she is enrolled in.

Candidates who cannot meet the **s u c c e s s** requirement in the second paragraph, but whose central placement **s c o r e** is equal to or higher than the base score of the diploma program they want to **t r a n s f e r** to can apply for transfer.

2.3. Double Major Program

Students can apply to the second major diploma program at the beginning of the third semester at the earliest in the major undergraduate diploma program and at the beginning of the fifth semester at the latest in four-year programs, at the beginning of the seventh semester in five-year programs, at the beginning of the ninth semester in six-year programs, and at the beginning of the second semester at the earliest and at the beginning of the third semester at the latest in the major associate degree program.

Students **whose GPA** in the major diploma program at the time of application **is at least 70 out of 100** and who are in the top 20% of the relevant class of the major diploma program in terms of success ranking can apply to the second major diploma program.

In order to apply to the double major diploma program, the student **must successfully complete all the courses taken** in the major diploma program until the semester of application.

In order for the student to graduate from the double major program, the **GPA must be at least 70 out of 100**. During the entire double major program, the student's GPA **may drop to 65** out of 100 for one time only. **Students whose GPA falls below 65 out of 100 for the second time are dismissed from the second major diploma program.**

For students who have the right to graduate from the major diploma program but cannot complete the second major diploma program, the duration of education is the maximum period specified in paragraph (c) of Article 44 of Law No. 2547 starting from the academic year in which they enrolled in the second major diploma program.

Students who do not take courses from the double major program for two consecutive semesters are dismissed from the second major diploma program.

2.4. Minor Program

Only a certificate of achievement (minor certificate) is issued to those who complete minor programs in the field in which they receive education. **These documents do not replace a diploma.** Students **can apply to** the minor program **at the beginning of the third semester of the** major undergraduate **program at the earliest and the sixth semester at the latest.**

Students who have successfully completed all credit courses in the undergraduate program until the semester they apply for the minor program **can apply.**

The student's GPA in the major program at the time of application is **at least 65 out of 100** **it has to be.**

BLACK SEA TECHNICAL UNIVERSITY OF TECHNOLOGY

FACULTY OF TECHNOLOGY UNDERGRADUATE

STUDENT HANDBOOK

In order to continue the minor program, the student's grade point average in the major program must be **at least 60 out of 100**. The student who fails to meet this requirement is deregistered from the minor program.

FACULTY OF TECHNOLOGY UNDERGRADUATE
STUDENT HANDBOOK

The courses that the student is successful and are not counted in the major program are included in the transcript and diploma supplement without being included in the grade point average.

Students who have achieved the right to graduate from the major program but cannot complete the minor program are **granted a maximum of two additional semesters with the decision of the relevant administrative boards.**

Students who do not take courses from the minor program for **two consecutive semesters are dismissed from this program.**

4. TOPICS RELATED TO SATJ AND WORKPLACE TRAINING

4.1. Internship Affairs

Students **are required to complete 60 working days of compulsory internship** in order to graduate. Students are required to

From the end of 2nd grade, they can do internship in summer semesters and interim periods. Internship cannot be done during the periods when education continues. However, those who have been successful in all their courses and have not completed only their internship can do internship during the periods when education continues. In an internship period, a **minimum of 15 working days and a maximum of 45 working days of internship can be done.**

Students who want to do an internship; must attend the Occupational Health and Safety (OHS) Training by logging into the KTU Distance Education system and obtain an OHS Certificate.

Department internship commissions are responsible for the execution of internship affairs and the evaluation of internships.

Please contact the department internship commission for more detailed information about internship affairs.

4.2. Workplace Training

In order for students to graduate, they must successfully complete **at least 14 weeks of** workplace training in the 7th semester (1st semester of the 4th grade). In order for students to enroll in the Workplace Training course, they **must not be absent from the courses they have taken from the lower courses or not have any courses they have not taken from the lower courses and have a GPA of 1.8 and above.**

The departmental workplace training commission is responsible for the conduct and evaluation of workplace training. For **more detailed information about workplace training, please contact the department workplace training commission.**

5. ACADEMIC COUNSELING SERVICE

An advisor from the academic staff of the department is assigned to each student from the first year by the department heads.

In accordance with Karadeniz Technical University Directive on Academic Advising for Associate and Undergraduate Students, students must meet with their Advisor at **least once** each semester.

Students contact their advisors during the course software week and make the course software in consultation with their advisors. Students' course syllabi are approved by their advisors. **Advisors can reject courses that they do not find appropriate in the course software.**

Students can get support from their counselors on every subject throughout their education life.

In accordance with the decision taken by our faculty, each academic staff member must set **at least 4 hours of student consultation time** in the weekly lesson plan. **Students should take care to meet with their advisors within these hours.**

AFTER STUDENTS ARE ASSIGNED AN ACADEMIC ADVISOR, STUDENTS MUST MEET THEIR ADVISOR. WHEN STUDENTS HAVE A SUBJECT THEY WANT TO CONSULT OR WHEN THEY ENCOUNTER A PROBLEM, THEY SHOULD FIRST VISIT THEIR ADVISOR. GUIDANCE WILL BE GIVEN TO STUDENTS BY THEIR COUNSELORS.
